

INTRODUCING MEDBRIDGE GO

the patient mobile app to revolutionize
home exercise rehabilitation

Download on the
App Store

GET IT ON
Google Play

Dramatically improve patient adherence.

Reduce self-discharge by keeping
patients engaged every day

Transform the patient experience by
prescribing home exercises in easy-to-
follow, achievable daily doses

Monitor patient progress and gain
insights with new data reporting tools

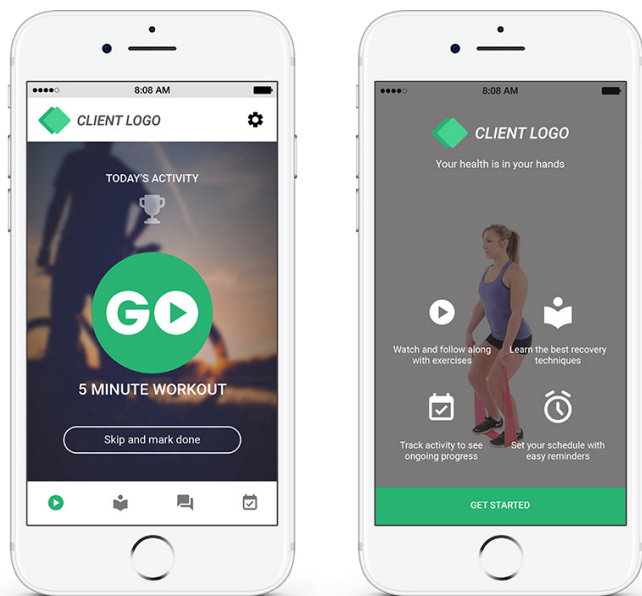

Gamification, reminders, and push notifications engage patients as active daily participants.

Mirror neuron learning¹ helps to guide patient behaviors and promote healthy progress.

Drive better outcomes.
